¹Prices are for Kansas and the Corn Belt Base Prices, Spring Wheat Northern Great Plains

²The grain sorghum price election is set based on the USDA estimated corn-grain sorghum price ratio. Before 2004 the grain sorghum price was set at 95% of the corn price.

³The GRIP (Group Risk Income Protection) will use the CRC prices starting in 2006. RA and CRC base price is the February average closing price of the appropriate futures contract.
