Workshop Objectives

Crop insurance agents, agricultural lenders, marketing consultants, agricultural educators and other risk management service providers will help their clients make more profitable risk management decisions. Farmers and ranchers will apply the information to their management decisions. After the workshop, participants will

1. Understand the impacts of global recession on agriculture.
2. Understand the potential benefits and costs of federal farm programs.
3. Understand the dynamics of the current grain markets and assess grain marketing strategies.
4. Understand the benefits and potential liabilities involved in contracting arrangements.

Who Should Attend

Professionals, including growers/ranchers, who wish to enhance their knowledge of risk management and their ability to design an appropriate risk management plan for the farm/ranch or provide risk management advice to clients. These include:

Crop Insurance Agents	Professional Farm Managers
Lenders	Commodity Brokers
Growers/Ranchers	Crop Consultants
Grain Merchandisers	Financial Advisers

Insurance Continuing Education Credits

Continuing Education Credits have been applied for in the following states:

Colorado	Kansas	Nebraska
Oklahoma	South Dakota	Texas
	Wyoming
