

7. Farm Accounting with QuickBooks: A Hands-On Workshop

Mark Dikeman

<dikemanm@ksu.edu>

Mark Dikeman is the Associate Director of the Kansas Farm Management Association. Before working in this position, he worked as Coordinator of Professional Development and Training with KFMA and as an Extension Ag Economist in the Holton KFMA office. Mark received a B.S. degree in Animal Sciences and Industry and a M.S. degree in Agricultural Economics from Kansas State University.

Abstract/Summary

This session will provide participants a hands-on introduction to QuickBooks as a farm business accounting program. Participants will be provided a printed manual which will be used as a guide to work with a sample farm. In the sample farm, participants will add bank accounts and liabilities, enter checks, make deposits, work with bills (accounts payable), and create and manage invoices (accounts receivable). Computers with QuickBooks installed will be available for participants to use during the workshop. This session will be four hours in length and is limited to 10 participants.

***THERE ARE NO MATERIALS POSTED FOR THIS
SESSION. THIS IS A HANDS-ON WORKSHOP USING A
COMPUTER.***
